05	Recertification	17 March 2026

Products covered by this certificate:

Product Name	Product Description/Version	Type of material	Product standard
Control Valves	Series No. 65, 66, 94, 108, 110, 114, 115, 119, 121, 127, 128, 129 and 8100	Ferritic / Austenitic Steels	ASME B16.34: 2025

Sites covered by this certificate:

Site Name	Site Address	Audited by	Date
OCV Control Valves	7400 East 42 Place – 74145 Tulsa OK - USA	Robert L Keys	24-25 Feb. 2026

Applications/limitations:

- Min / Max temperature -29°C / 38°C
- OCV shall perform a review of Essential Safety Requirements and a Hazard Analysis for each Sales Order received to confirm the valve's working parameters fall within category II
- The system approval is only valid for the equipment listed above. For other equipment an application for extension of the certificate must be sent to the local DNV office.
- The local DNV office must be informed of any sub suppliers for main pressure retaining parts.
- Periodic audits must be held and unexpected visits may be performed, to verify that the Manufacturer duly fulfils the obligations arising out of the approved quality system.
- The Manufacturer must give information of any intended adjustments of the Quality System to DNV, who will assess the changes and decide if the certificate remains valid

Terms and conditions:

Valid terms and conditions are found in the DNV's PED Certification Requirements.

End of Certificate

Lack of fulfilment of conditions as set out in the Certification Agreement may render this Certificate invalid.
